

Get started with iPay QuickPaySM

You will need an online bill pay account to start using iPay QuickPay.
If you don't have an account with free bill pay, please enroll in online banking.

How do I add Alexa to my bill pay account?

1. Log in to Online Banking
2. Select "Manage Payments" and then select the "My Account" tab
3. Go to the Voice Bill Pay section and select the "Add Alexa" link
4. Answer the challenge phrase questions
5. Enter your email address and create a password, then click "Submit"

How do I link my bill pay account to iPay QuickPay?

1. Within the Alexa App on your mobile device, search for the iPay QuickPay skill and choose "Enable"
2. When prompted, enter the credentials you created in bill pay to begin linking your bill pay account to iPay QuickPay
3. Create a 4-digit PIN that you will remember since it will be requested every time you launch iPay QuickPay
4. Now you can say, "Alexa, start iPay QuickPay"

How do I make payments with iPay QuickPay?

Just tell Alexa the payee you'd like to pay, the amount of the payment and the payment date.
